NATIONAL STRATEGY
INFORMATION CENTER, Inc.

STAT

National Strategy Information Center, Inc.

The National Strategy Information Center (NSIC) is a nonpartisan institution organized in 1962 to (a) further education about international security challenges and (b) encourage defense innovations in military, intelligence and geopolitical affairs. The Center espouses no political causes. However, its directors and officers are united by a conviction that neither isolationism nor pacifism can provide realistic solutions to the threats of 20th century totalitarianism. NSIC seeks to encourage "civil-military partnership" on the grounds that, in a democracy, informed public opinion is necessary to a viable U.S security structure capable of protecting the nation's essential interests and assisting allies and other free nations determined to maintain their core values of freedom and independence.

NSIC, a 501(c)(3) tax exempt organization, has been classified by the Internal Revenue Service as a public charity as defined in Section 509(a)(1) and as a publicly supported organization as defined in Section 170(b)(1)(A)(vi) of the Internal Revenue Code as amended by the Tax Reform Act of 1969. All contributions to NSIC are tax deductible.
